Šifra: 3409
 Kategorija proizvoda: DJ Igle i Kertridži za Gramofone
 Proizvođač: Ortofon

Cena: **4.320,00** rsd

The world's first needle designed specifically for coded vinyl with low wear!

The DigiTrack is the perfect marriage of easy and function. You can now manipulate MP3's with the style and feel of a turntablist and the tradition of a turntable.

The DigiTrack responds to the generation of turntable DJs who make extensive use of timecoded vinyl applications, such as Serato (TM) and FinalScratch (TM). With DigiTrack's low wear design and tailored frequency response increase the lifespan of timecoded vinyl records, and provides high quality sound reproduction for playing conventional vinyl records as well.

DigiTrack also features excellent groove-handling capabilities for scratch and mix performance, as well as increased output voltage for improved TCV performance and better sound quality from your mixer's phono preamps.

Output voltage at 1000Hz, 5cm/sec.	8 mV
Channel balance at 1kHz	1,5 dB
Channel separation at 1kHz	22 dB
Channel separation at 15 kHz	15 dB
Frequency range at -3dB	20-20.000 Hz
Frequency response	20-18.000 Hz +3 dB/-2 dB
Tracking ability at 315 Hz at recommended tracking force	90 µm
Compliance, dynamic lateral	12 µm/m N
Stylus type	Spherical
Tracking force range	2,0-4,0 g (20-40 mN)
Tracking force recommended	3,0 g (30 mN)
Digitrack cartridge weight	18,5 g
