Product Information

Touring grade cases from Protex are a professional range of cases made to the highest quality and standards and built to withstand the rigors of the road.

Features:

Interlocking tongue & groove edging ensures that all lids & covers stay secure even in an impact & form a fully dust proof seal

9mm vinyl laminated plywood panels are 30% thicker than most other suppliers

Heavy duty, industrial grade handles & butterfly catches are riveted for strength

All handles feature heavy duty rubber grips for comfort & non slip safety

Riveted 35mm aluminium profile edge strips provide rigidity, strength & durability

Heavy duty interlocking ball corners for added impact protection & to enable safe, secure stacking

Holds 2 x iMove 575W
