### Headset Conden

**E10A**

The E10A is a condenser headworn miniature microphone designed for close-up applications where it always keeps the same distance between the mic and the sound source. The improved cable arrangement, flexible headband, and comfortable low-profile outline makes it perfect for long-term wear. It is ideally suited for sports, gyms, interviews, drama, speech, and musicians.

**E10ADXLR TA3F connector for the [PS418D preamp](#) (either phantom power or battery)**

### Features
