Marantz je proizvođač i distributer visoko kvalitetne audio opreme. Prvi proizvod je projektovao i napravio Saul B. Marantz u Kew Gardens-u, New York. U to vreme, kompanija je imala veliki uticaj na razvoj Hi-Fi audio-sistema, obraćajući pažnju na svaki detalj pri projektovanju i konstruisanju. Sredinom 1980-ih dok je bio pod rukovods-tvom Philips-a (pionira u CD tehnologiji), Marantz je među prvima pravio CD plejere koji su jako dobro prihvaćeni od strane zadovoljnih potrošača i kritičara.

Danas, Marantz nastavlja da pravi komponente koje su u samom vrhu Hi Fi ponude na tržištu. O tome svedoči i Ken Ishiwata bez čije kontrole i finalnog tjuniranja nijedan Marantz proizvod ne može da se pojavi na tržištu. Godine 2002, Denon i Marantz prave (D&M) grupu kojoj se kasnije priključuju i druga zvučna imena iz audio industrije.
