

## MONTARBO W440P B-Stock - Pasivni zvučnik

Šifra: 2650

Kategorija proizvoda: Pasivne Zvučne Kutije

Proizvođač: Montarbo

**Cena: 52.680,00 rsd**

W440P is ideal for indoor and outdoor music performance, addressing the need for accurate and broad range

The shape of this one piece cabinet made from high density polyethylene includes **6 fly points** (patented) which ensure flexible, rapid and safe assembling. The low weight to performance ratio makes it the ideal choice for touring systems, and makes its use in fixed installations easier.

W440P utilizes the same custom components of the active version:

**12"** neodymium magnet woofer for the bass section

**1"** compression driver loaded by a 90° x 70° horn for the mid-high section.

Power handling: 400 W into 8 Ohms

The rear panel is fitted with 2 Jack connectors and one Neutrik Speakon® connector, wired in parallel, for maximum connection flexibility.

The shape of the cabinet allows for both vertical (for standard P.A.) and horizontal (for stage monitoring) installation. **Easily flyable thanks to the 6 fly points.** It is also equipped with 2 side handles (for easy carry and set-up) and with a stand adapter.

### Specifications

Enclosure:	2-way bass-reflex
Frequency response:	45 Hz ÷ 20 kHz
Sensitivity (1W, 1m):	100 dB dB SPL @ 1W/1m on axis
Max SPL:	128 dB
Components (custom):	12" <b>neodymium</b> magnet woofer 1" horn loaded compression driver (90°H x 70°V)
Passive crossover:	1600Hz, 18dB/oct.

Construction:	High density polyethylene <b>6 fly points</b> included in the cabinet shape Steel protection grille Carrying handles Speaker stand adaptor
Power handling:	400 W
Nominal Impedance:	8 ohm
Connections:	Two Jacks and one Speakon® connectors, wired in parallel
Dimensions (WxHxD):	40 x 65 x 35,5 cm
Weight:	14,5 kg
