Šifra: 13401

Kategorija proizvoda: Surround Zvučnici

Proizvođač: Wharfedale

**Cena: 59.880,00 rsd**

**"Wharfedale proves you can get movie magic**

**on a small scale with the delightful DX-2."**

Designed to combat the expense and lack of space associated with high-quality home cinema systems, the Wharfedale DX-2 HCP 5.1 is discreet, sleek and affordable delivering genuine surround sound. The DX-2 HCP 5.1 speaker package delivers smart, space-saving contemporary style and exhilarating sound for both movies and music – fast, punchy and detailed, with a sense of scale that belies the diminutive size of the speakers.

It's the perfect way to enjoy authentic and engaging surround sound at a price more akin to a soundbar than a high-quality 5.1 speaker package.

### **Diminutive System**

Comprising four satellite speakers (for front and rear channels), a centre speaker and active subwoofer, this 5.1 system is a diminutive. This time around it features finely tuned drive units, a more powerful active sub and improved cabinet design. It also sports an 'autopower' facility, switching out of standby when a signal is sensed and back again when it stops.

### **Driver Configuration**

Ideal for mounting on a wall or an AV stand or shelf, the small DX-2 Satellite has a 19mm silk dome tweeter and 75mm mid/bass driver with a woven polypropylene cone. The enclosure is an infinite baffle closed-box design, which means the speaker can be placed in close proximity to a wall without adversely affecting their performance.

The DX-2 Centre incorporates the same silk dome tweeter flanked by two 75mm mid/bass drivers in a similarly compact cabinet. The design includes an aperiodic bass loading system consisting of a vent that is filled with resistive porous foam.

### **WH-D8 Subwoofer**

The matching WH-D8 active subwoofer features a 20cm long-throw bass driver powered by a 70w amplifier for fast, deep and well-defined sound. The quality of the subwoofer's design ensures it integrates superbly with the other speakers in the package, without any hint of bass bloating or overhang. It also has an 'auto-power' facility, automatically switching in or out of standby when a signal is sensed.

DX-2 HCP 5.1 Home Cinema system is available in black or white finish. Anyone wanting to expand to a 7.1 system or beyond can pick up extra pairs of affordable satellite speakers with the satellite expansion pack.

DX-2 Satellite Speaker Specs

Bass Driver	3" (75mm) woven p
Treble Driver	3/4" (19mm) silk do
Sensitivity (2.83v @ 1m)	84dB
Recommended Amplifier Power	20-60W
Frequency Response (+/-3dB)	120Hz ~ 20kHz
Bass Extension (-6dB)	100Hz
Dimensions	190 x 120 x 122 mm
Net Weight	2kg/pcs

DX-2 Centre Speaker Specs

Bass Driver	3" (75mm) woven p
Sensitivity (2.83v @ 1m)	86dB

Recommended Amplifier Power	20-100W
Frequency Response (+/-3dB)	80Hz ~ 20kHz
Bass Extension (-6dB)	70Hz
Dimensions	120 x 310 x 122 mm
Net Weight	2.7kg

WH-D8 Subwoofer Specs

Bass Driver	8" (200mm) long-throw
Frequency Response	40 - 120Hz ±3dB
Amplifier Power Output	70W
Crossover Range	40 - 150Hz
Inputs	Stereo line In (2 x RCA), mono (LFE), line In (RCA phono)
Input Impedance	Line in 10kΩ LFE 5kΩ

Features

Low pass filter slope  
Phase inversion  
Auto on-off
