

WHARFEDALE WH-D10 Subw. Black Wood Aktivni vufer

Šifra: 13418
 Kategorija proizvoda: Hi-Fi Subwooferi
 Proizvođač: Wharfedale

Cena: **41.880,00** rsd

The cabinet construction of the WH-D10 has been aesthetically enhanced, with new high-gloss lacquered front baffles and cosmetically enhanced veneers. This new look is designed to match perfectly with the new and award winning Diamond 200 series, which is already gaining outstanding reviews internationally. Aside from newly improved aesthetics, the two new subwoofers are built to elevate the performance of any AV setup. The WH-D10 features an active dynamic drive subwoofer system in a sealed box, for fast, accurate and intensive bass response.

The WH-D10 also employs a custom designed Class-D balanced drive power amplifier which provides power and dynamics unheard of in products at a comparable price.

Low pass filter slope continuously adjustable from 40Hz - 150Hz
