

## Biamp - Apart PA2240BP - 100V pojačalo

Biamp Apart PA2240BP 100V pojačalo

Šifra: 3466

Kategorija proizvoda: 100V Pojačala

Proizvođač: Biamp - Apart

Cena: **131.880,00** rsd

Both channels have a program and priority input with independent bass and treble tone control that guarantees an excellent sound experience, even in tough acoustical conditions. The emergency priority input can be activated by contact closure to override the program or music input.

The PA2240BP operates on 230V AC and 24V DC, what makes him excel other power amplifiers. In this way the unit can easily be used in evacuation systems compliant to the EN60849 regulation. As all the controls of the PA2240BP are located at the back panel, changes of the amplifier's settings by unauthorised or unqualified people will most likely be prevented.

As reliability is extremely important in the install and contractor audio market, this multifunctional PA2240BP will definitely be your favourite constant voltage power amplifier.

<b>dynamic output power 4 ohms</b>	2 x 240 watts
<b>RMS output power 8 ohms</b>	2 x 120 watts
<b>output power RMS 100 volts</b>	2 x 240 watts
<b>minimum impedance load per channel</b>	4 ohms
<b>power consumption (max)</b>	1050 watts
<b>height- rack units (1U=44 mm)</b>	2 U
<b>depth (incl front)</b>	420 mm
<b>emergency power supply</b>	24 VDC
<b>output channels</b>	2
<b>tone control</b>	yes
<b>emergency input</b>	yes
<b>priority levels</b>	1
<b>cooling system</b>	fan
<b>applicable low impedance</b>	yes
