Cena: **7.320,00** rsd

The CMAR5T marine speaker brings high-quality sound even in the most humid places.

The CMAR5T Marine Series has 3 different models in 5" (CMAR5T-W), 6" (CMAR6T-W) and 8" (CMAR8T-W). These loudspeakers are especially developed to be installed in humid or hot (up to 95° C) environments like swimming pools, yachts, bathrooms, and saunas.

This waterproof marine loudspeaker is already equipped with a 20-watt transformer (T20iP) which makes this waterproof speaker well suited for low impedance as well as 100-volt systems.
