

CHORD C-power lead EU 1.5m

CHORD C-power lead EU 1.5m

Šifra: 13715

Kategorija proizvoda: Hi-Fi Strujni kablovi

Proizvođač: CHORD

Cena: **7.080,00** rsd

The Chord C-power differs from our other mains cables. It is fitted with over-moulded plugs. There are reasons for not dismissing these, as they have certain advantages. Firstly the connections within the plugs are made using a high pressure crimping technique. This means there are no screw connections. Secondly the nature of the over-moulding process means that the conductors are held firmly in place and are not subject to mechanically induced noise.

Technical Specifications

Conductors	3 x 14 AWG high purity multi-strand copper conductors.
Configuration	Parallel conductor layout, high frequency effective floating shield.
Insulation	PVC
Shielding	High frequency effective over-wrapped foil shield.
Jacket	High-density vibration damping outer jacket.
Colour	Black
