speaker s

Designed to work with line speakers, the MA60 makes the perfect partner for Apart's matching installation line speakers. Working with 70 and 100 volt systems, the MA60 outputs up to 60 watts to a 100 volts line system - enough for punchy sound in smaller, more intimate venues.

Compact size

This half width, 2U height unit takes up minimal space in an equipment rack. For more sophisticated systems, two amps can be placed side-by-side in a single 2U rack space. Rack fixing tabs are included.

Take control of music and voice over, with the Apart MA60.
