Marshall's heavy-duty PEDL-91004 footswitch will allow you to enjoy hands-free control over your guitar amp's reverb and channel switching, via two latching switches. The PEDL-91004 is designed to work with Marshall DSL100H, DSL40C, DSL15C, JCM900, JCM800, and VS1 amplifiers. Sweetwater can confirm this footswitch also works with the MG100HDFX amplifier.
