

MARTIN AUDIO VIA2004 - Razglasno pojačalo

Šifra: 14395

Kategorija proizvoda: Razglasna Pojačala

Proizvođač: Martin Audio

Cena: 215.880,00 rsd

Features

Four channels of efficient Class D amplification
2000 Watts total power output

2U rack height
Exceptionally lightweight
Switch mode power supply
Variable speed cooling fan with front-to-back airflow
Global mains operation, 115V to 230V auto-sensing
Comprehensive protection systems
Signal and clip limiter LEDs

Applications

Small to medium-scale installations
Portable sound and stage monitoring
Hotels, restaurants and bars
Houses of Worship and auditoriums
Educational facilities
Live music and dance clubs
Mobile DJ's

Its high efficiency design reduces the energy drawn from the mains supply and ensures the power reserves needed to deliver superb sound in demanding environments with reliability and ease.

Comprehensive protection functions continuously monitor its performance to maintain safe operating conditions and full output capability in ambient temperatures up to 40°C.

For a wide variety of installations and portable applications, the VIA2004 is ideally partnered with the Martin Audio DX0.5 system processor. Larger installations will benefit from use with the DX4.0 processor with its onboard network capability and proprietary VU-NET software control. The DX4.0 and VIA2004 combination is perfect for delivering cost-effective scalable resolution under VU-NET control to an installed O-Line array.
