Šifra: 14399

Kategorija proizvoda: Bookshelf Zvučnici

Proizvođač: Wharfedale

Cena: **17.880,00** rsd

Built with a trapezoidal enclosure which disrupts the formation of regular standing waves inside the cabinet and a curved front which enhances dispersion from its highly advanced drive units ensuring that sound is spread throughout the entire room, the new Crystal 3 is not just engineered to look good but is also capable of allowing listeners to hear the finesse of the rich overtones of the musical instruments and vocals in a highly realistic fashion. The Crystal 3 centre speaker is equipped with bass-midrange units which utilize a natural fibre cone fabricated to a precise formula and are specially treated to enhance midrange clarity. In the centre of the cone is a phase plug that improves high frequency response and ensures seamless transfer of sound through the crossover region to the treble unit.

Specifications

Model : CR-30.1

Transducer Complement : 2-way

Format : bookshelf

Bass Driver : 4" 100mm

Bass/Mid Driver

Tweeter : 25mm tex

Power Handling : 25-100w

A/V Shield : no

Nominal impedance : 6Ohms

Sensitivity (2.83V @ 1M) :85dB

Frequency Range at -6 dB : 75 Hz - 24kHz

Cabinet Size (mm) : 220(H) x 141(W) x 147(D)

Weight : 3.7kg
