Effect Aqua: 20W Splashproof Bluetooth Party Speaker

Make waves with the Effect Aqua, the splash resistant party speaker with multicolour LED light show. Perfect for karaoke kings and queens, simply connect the included microphone to showcase your talents and sing-along with your favourite tracks. Play your tunes wirelessly via Bluetooth from your smart device, use the inbuilt media ports or even FM radio. This speaker is light enough to be taken anywhere, even outdoors thanks to the internal rechargeable battery with up to 6 hours play time from a single charge.

Stylish and rugged design with IPX4 splash resistance
Connect to your smart device via Bluetooth
