

MXL AC-360-Z V2

Šifra: 15329

Kategorija proizvoda: Konferencijski / Instalacijski

Mikrofoni

Proizvođač: MXL

Cena: **47.880,00** rsd

The four mics are designed to be used with Zoom Rooms videoconferencing. Other applications allow for only one of the four mics to be used.

Ideal for use in corporate communication settings such as group web-conferencing rooms, huddle rooms, meeting rooms, and more

12 internal condenser microphone capsules are arranged in four quadrants to ensure 360 degrees of optimal speech intelligibility within a 25' radius without reliance on additional equipment

Compatible with Mac and Windows systems with plug-and-play connectivity, no drivers required

Compatible with USB Type-C, USB 3.0, and USB 2.0 power and signal

Solid, all-metal construction and a reinforced frame give the AC-360-Z V2 extra durability for shared office environments

When used with Zoom Rooms software, each quadrant of the AC-360-Z V2 is individually processed and optimized using Zoom Rooms' DSP and echo cancellation technology

Multiple AC-360-Z V2s can be daisy-chained together using included USB Type-C cables for scalable Zoom Room installations

Power one AC-360-Z V2 via USB, or connect multiple units via USB and power each extension unit with a 5V power supply

Included locking DC power supply prevents the AC-360-Z V2 from being accidentally unplugged during important meetings

Mount the AC-360-Z V2 on a ceiling or conference room table using the included USB cables, universal power supply, and removable rubber feet

MXL AC-360-Z V2 Specs
