

Scale Nordic TGM-TRM-0250

Šifra: 15211

Kategorija proizvoda: Linijski Kablovi

Proizvođač: Scale Technologies

Cena: **1.490,00** rsd

4-core twining process

4-core twining process (2 conductors +2 filled PVC tubes). The advantage of this is that the physical structure of the four-core is more stable and produces less noise when the cable is moving compared to the two-core cable

Features:

- High performance microphone cable
- 6,5mm high quality rubber cable
- Hand soldered Custom male XLR connector
- Hand soldered Custom 1/4-inch TRS connector with 24K gold-plated contact
- Conductor: 28 x 0.10 x 2mm (OFC)
- PVC Jacket: 6.5mm
- Spiral shield: 84 x 0.10 (OFC)
- 4-core twining process: 4-core twining process (2 conductors +2 filled PVC tubes)
- Included 2 cable straps
- Lifetime guarantee
- Available in 2.5 meter and 5 meter lengths

Specifications:

Cable:

- Type: MC04
- Color: black
- Conductor area: 0.22 mm² / AWG 24
- Composition of conductor: 28 x 0.10 mm, bare annealed copper, OFC
- Conductor insulation: LD-PE Ø 1.35 mm
- Composition of cores: 4-core twining process, 60 MM one turn, left hand
- Composition of

conductor: 28 x 0,10 mm

Filler: Cotton Strand

Shield: 84 *0.10 mm,
bare annealed copper,
OFC

Jacket material:

Phthalate free PVC with
restricted substance

Working temperature:

Mobile: -5°C to +70°C,
Fixed: -20° to +70°C

Connectors:

Model name: SC013 /
SC002

Product type: XLR male /
TRS male

Number of poles: 3

Contact surface: black

Connection type: solder
contact

Colour: gold

Housing: Cast zinc

Clamping sleeve:

Polyacetal (POM)

Temperature range: -30
°C to +80 °C
