# Celestion BN10-200X NEO Bass Guitar Speakers 8ohm

Celestion BN speakers provide the punchy bottom end that will support the rest of the band while carry forward your individual expression. Celestion's Green Label speakers are primed for high-powered rock performances, where a full-bodied, warm, defined tone is essential.

Not every player wants a super-clean, high-fidelity bass sound. Characterised by an extended low end and greater linear excursion, the latest Celestion Green Label BN10-200x NEO 10" bass guitar speakers push out every note with a rich, warm tone and a powerful low-end thump!

More punch and volume, with only half the weight of a standard magnet BL10-200.
