The

... circuitry in the cosMik 10 f... tain ultralow self-noise performance (just 5 dBA), so your recordings will be free of the hiss commonly induced by many budget microphones. Being a condenser, the microphone runs on standard 48V phantom power. Getting ready to record is simple; position the cosMik 10 in the included mic holder and tabletop tripod stand, connect it to your preamp or interface with the supplied XLR cable, and engage +48V from your preamp/interface.

1" large-diaphragm condenser capsule
Cardioid polar pattern reduces ambient noise behind the mic
