

## MACKIE Thump18S - Aktivni vufer

Šifra: 15461  
Kategorija proizvoda: Aktivni Subwooferi  
Proizvođač: MACKIE

**Cena: 95.880,00 rsd**

Featuring a built-in Class-D amplifier, two high-pass outputs, and full-range outputs, the Thump18S allows you to connect top speakers and additional subwoofers without any extra hardware. Using efficient Class-D amplification and a dynamic bass frequency response, the speaker is designed to deliver a clear and present low end at any volume.

## Features:

- Professional band-pass design for maximum output and deep, room-filling lows
- 18" custom high-output woofer
- Class-D amplification designed for cool running
- Precision 140 Hz crossover
- Tuning filters deliver highly accurate bass response
- Robust system protection
- Dual XLR inputs for mono or stereo applications
- Stereo high-pass outputs optimize sound when connecting top boxes
- Stereo full-range outputs perfect for adding more subwoofers
- User-adjustable level and polarity controls
- Easily mount your full-range loudspeaker via pole cup
