

Marantz MODEL30 Black Integrisano Pojačalo

Šifra: 16432

Kategorija proizvoda: Integrisana Pojačala

Proizvođač: Marantz

Cena: 287.880,00 rsd

Features

Tuned with passion Hundreds of hours of thoughtful Sound Master tuning ensure the exquisite detail and musicality Marantz always delivers

Designed to last You see and feel it in the build quality and you hear it every time. No matter your musical passions, your music always sounds better with MODEL 30

Fully discrete and accurate detailing Marantz HDAM-SA3 technology is comprised of dozens of independent parts, each hand-selected for pure, detailed Marantz sound

Extraordinary sensitivity Designed to replicate the sensitivity and feel of a vintage analogue amplifier even when simply adjusting the volume

Exquisite sound tuning

MODEL 30 continues the renowned heritage of exquisite Marantz amplifiers. Tuned by the Marantz Sound Master who channeled his passion, experience, and extraordinary ear into the amplifier design.

MC / MM phono input

In order to optimize sound performance when using a moving coil (MC) or magnetic moving (MM) cartridge, and to accommodate all configurations as much as possible, MODEL 30 is equipped with an input impedance selector.

Premium Phono EQ

Envisioned to deliver optimal sound quality by simplifying the signal path - vital given the delicate nature of phono signals - the Phono EQ stage in MODEL 30 can be used with both moving magnet and low-output moving coil cartridges, thanks to a built-in MC head amplifier.

Detailed sound

MODEL 30 is built on its own discrete circuit board, the Hyper-Dynamic Amplifier Module, or HDAM

Built for Generations

Like its counterpart, the SACD 30n Streaming CD Player, the MODEL 30 Integrated Amplifier is designed to the highest standards.

Audiophile Heritage

Founded in 1953, Marantz has a long and rich history of designing audio components embraced by music lovers and critical listeners around the world.
