Robustan hardver u sebi nosi moćan procesor, sa pregršt modula efekata, mogućnosti sinhronizacije sa muzikom, i do 4 DMX Universe-a. Visoko taktilne kontrole i intuitivan proces rada učiniće manipulisanje rasvetom za **Wolfmix** kontrolerom pravim zadovoljstvom. Izaberite između hiljade svetlosnih opcija, ili napravite sopstvenu konfiguraciju sa ovim svestranim uređajem. Bilo da je u pitanju živo izvođenje, klupski/disko performans ili neka druga vrsta nastupa - **Wolfmix** je siguran izbor.

Displej od 4.3" osetljiv na dodir, 37 *backlit* silkonskih dugmića u boji, 4 kontrolna potenciometra, i dodeljiva dugmad za strob, blinder, speed, blackout & smoke. Lako selektovanje, 'pozivanje' i grupisanje preko 3500 integrisanih, predefinisanih profila. Plus, tu je još i 15000 dodatnih predpodešenih profila koji su dostupni putem podržane WTOOLS aplikacije.

The WMX1 includes a fixture builder, for creating custom profiles or for use with old or obscure fixtures. It also includes a Fixture Calibration Tool, which allows limiting the area covered by moving heads.
