

ART PRO AUDIO DTI

Šifra: 16742

Kategorija proizvoda: DI Box i Phantom Power

Proizvođač: ART

Cena: **9.000,00** rsd

Versatility

Useful for making a "clean" interface between a computer based audio workstation and a speaker system, isolation on long cable runs in a fixed installation, isolation of a signal source from any recording equipment, or in many cases, just a safer connection between two audio systems.

Connectivity

Provides XLR, 1/4" phone and RCA type phono connections on all inputs and outputs. This allows the unit to easily fit into virtually any audio system and be the clean patch point between all types of systems.

Construction

A compact black anodized, all aluminum case and passive design allow the DTI to provide years of trouble free service in Live Sound, Permanent/Fixed Install, D.J. and virtually any PA application.

ART DTI Specs

Inputs 2 x XLR

2 x 1/4" TS phone

2 x RCA phono

Outputs 2 x XLR

2 x 1/4" TS phone

2 x RCA phono
