FOCAL SUB 6 RED - Sabvufer

The

subwoofer has right, left, and LFE balanced XLR inputs for connecting to pro-level audio systems. It also has a 1/4" footswitch input that allows you to connect a pedal for hands-free control of the subwoofer. Signal treatment and control options include mono left/right summation, phase adjustment, polarity switch, high/low pass filters, level control, muting, and bypass.

Provides bass reinforcement for the Solo6 Be and Twin6 Be studio monitors
11" "W" composite sandwich cone driver is housed in a high-volume MDF cabinet
Cabinet has a rear laminar bass port, which helps extend bass response all the way down to 30Hz
Right, left, and LFE balanced XLR inputs for connecting to pro-level audio systems
1/4" footswitch input allows you to connect a pedal for hands-free control
Signal treatment and control options include mono left/right summation, phase adjustment, polarity switch, high/low pass filters, level control, muting, and bypass
