LOW PROFILE & WALL MOUNTABLE FOR FLEXIBLE L/C/R PLACEMENT

The ES35 slim center channel tucks in right below your TV to provide big-speaker sound without blocking your viewing area or IR Remote. The ES35's flexible, wallmountable design enables it to also be used as left, right or surround channels for amazing home theater sound that doesn't require floor or shelf space.

SEAMLESS LIFELIKE SOUNDSTAGE. MAKE YOUR ENTIRE HOME THEATER THE SWEET SPOT

Experience a seamless, lifelike soundstage no matter where you're seated. Signature Elite ES35's Dynamically Balanced, seven-driver acoustic array with phase optimized, cascaded crossovers ensures focused dialogue that blends perfectly with other Signature Elite speakers.

HIGH-RESOLUTION SOUND. HEAR MORE DETAIL IN MUSIC AND MOVIES YOU LOVE

ES35's Hi-Res Audio Certified, Terylene dome tweeter provides crystalline highs (40+kHz) ideal for high-resolution sound found in ultra-HD movies, multi-channel concert videos, and spatial audio mixed for Apple Music, Dolby Atmos or DTS:X.

ENJOY LOUDER LOWS WITH LESS DISTORTION. EFFORTLESS BASS

In movies, the center channel carries up to 75% of the audio content (voices, soundtracks, sound fx), yet most center speakers are only designed for voice dialogue. The ES35's dual Polk Power Ports provide louder, lower, effortless bass, which means you'll hear and feel impactful sound, front and center, the way the director intended.
