

## ZOOM G2X FOUR - Procesor za gitaru

Šifra: 17139  
Kategorija proizvoda: Procesori  
Proizvođač: ZOOM

**Cena: 26.000,00 rsd**

second looper fu over your performances, and 60 rhythm patterns are included, which can be synced to your loops. An Aux input allows you to play along with external tracks more easily, and output EQ is included on the main outputs for directly controlling your tone from the pedal. With the convenient built-in USB-C support, you can power the pedal with simple USB bus power and control your G2X Four with the Handy Guitar Lab app which provides you with the ability to load, backup, and edit patches as well as use your pedal as a 2-in/2-out audio interface.
