

Pro-Ject Jukebox E1 Walnut OM5e Gramofon sa ugrađenim pojačalom

Šifra: 17166

Kategorija proizvoda: Gramofoni

Proizvođač: Pro-Ject

Cena: **77.880,00** rsd

Juke Box E1 is a record player, phono stage, BT receiver, line pre-amplifier and power amplifier in one, requiring only a pair of speakers to make a complete system. If you thought that a starter turntable system is complicated to set up, Juke Box E1 proves the contrary. This belt-drive deck offers the fastest possible installation process because it comes pre-adjusted out of the box and offers superb sound quality. Tracking force and anti-skating is pre adjusted for the pre-mounted Ortofon OM 5E cartridge.

The Juke Box Highpower Supply is available optionally. It features up to 50% more peak power output, increasing dynamic and bass response. The true ground connection over a 3 pin power plug can dramatically reduce hum and noise under critical power conditions.

In the box:

Juke Box E1 with Ortofon OM 5E cartridge
Remote control incl. batteries
Felt mat
Dust cover
Adapter for 7" singles
Power supply
Allen key, stylus pressure gauge, gloves

NEW reworked tonearm design & new headshell
