### Life-sized acoustics

The powerful 706 S3 is the ideal stand-mount loudspeaker for delivering exceptional sound in larger spaces.

### Sharper detail

Carbon Dome tweeters are purpose-built for the 700 Series. Delivering a dramatic improvement on the aluminium double dome tweeter, they raise the breakup threshold to 47kHz, for pinpoint imaging accuracy and detail.

### Truly amazing sound

Thanks to its composite construction, the Continuum™ cone avoids the abrupt transitions in behaviour that can impair the performance of a conventional drive unit. The result is a more open, neutral performance that delivers voices and instruments with precision and transparency.

### Inspired by greatness

The new curved cabinet baffle and individual drive unit pods are inspired by the 800 Series Diamond, and greatly reduce cabinet coloration, ensuring a cleaner, more immersive sound.

### Size & weight

Dimensions	Height: 345 mm cabinet only Width: 192 mm cabinet only Depth: 297 mm cabinet only 334 mm including grille and top
