

## Bowers & Wilkins PANORAMA 3

Šifra: 17224  
Kategorija proizvoda: Soundbarovi  
Proizvođač: Bowers & Wilkins

**Cena: 95.880,00 rsd**

**Elegant and understated  
Panorama 3 looks good  
in any environment**

### **Immersive sound from a single speaker**

Thirteen individual, painstakingly positioned drivers, including twin subwoofers, powered by a total of 400 watts of amplification. This is what allows Panorama 3 to deliver the most immersive, most convincing spatial audio ever heard from a sound bar.

### **Because you want sound all around you**

Thanks to upward-firing drive units, each housed in an individual acoustic chamber, Panorama 3 projects tightly focused sound upwards onto your ceiling to deliver the truest, most immersive Dolby Atmos spatial audio effect.

### **Connected, smart, intuitive and effortless**

Enjoy Bluetooth aptX™ Adaptive, AirPlay 2, a host of streaming services and hi-res audio too.

### **Easy to set up, simple to use**

The intuitive app ensures easy network set-up, and HDMI eARC means simple connectivity.

### **All the sound you need from one elegant component**

In addition to twin Dolby Atmos units, Panorama 3 has nine more drivers and two subwoofers. Outstanding performance is assured.

### **Size & weight**

Dimensions

Height: 65mm (2.5in)  
Width: 1210mm (46.6in)
