Cena: **419.880,00** rsd

ProAc Response D2R Speakers is a ribbon tweeter version of the flagship D2, hugely popular high-quality stand-mount monitor which combines an exceptional midrange with great weight and scale even after 15 years of production.

Ribbon Version

ProAc's new ribbon tweeter version retains the current bass driver and incorporates a new Stewart Tyler crossover design to flawlessly integrate the drivers. The new cabinet aperture is routed differently from the original dome tweeter cabinet so the D2R cabinet is designed to accept both types of tweeter.
