Everything you need

If you are looking for an optimal solution to protect and transport your needle system, the Cartridge King is the perfect case.

Modular Case

The highly sophisticated storage case for cartridges features a rotating foam inlay and holds four cartridges and spare needles. Thanks to the modular design common Concorde and headshell systems like those by Reloop, Ortofon or Shure can be safely stowed away.

Accessories

An additional mesh pocket with zipper is suitable for storing USB sticks, brushes, cleaning cloths or other accessories.

On the Road

The chassis with a scratch resistant finish and high-density foam padding interior protect the system even in case of larger shocks. With its practical textile carrying handle, the Cartridge King is the great companion for DJs and vinyl lovers on the road.

Cartridge King

Professional storage case for cartridges

Securely transport and store up to 4 cartridges, as well as spare styli and accessories

Adjustable foam inlays for storing a combination of Concorde-style and headshell-mounted cartridges (i.e. Reloop/Ortofon Concorde, Shure M44-7 and more)
