

Electro Harmonix Stereo Pulsar

Šifra: 18055
Kategorija proizvoda: Pedale
Proizvođač: Electro Harmonix

Cena: 12.240,00 rsd

Circuit: Analog
Bypass: Buffered Bypass

Audio: Stereo

Power Supply: 9V battery included (optional 9.6VDC-200mA power adapter not included)

Dimensions (in): 4.75 x 4 x 2.25

Current Draw: 17mA

Year Released: 2007

The EHX Stereo Pulsar Stereo Tap Tremolo generates vintage tremolo and panning that will fill any venue with rhythmic stereo energy. Its Wave Form switch allows you to change the modulation from triangle to square form. The Wave Shape control allows you to control transitions from negative to positive saw tooth or adjust pulse width. This all means you can create any type of stereo tremolo from pure vintage to ones never heard before.

Stereo outputs

Tough and compact die-cast chassis

9V battery included
