Being the designers of Bass Station II, we know how essential it can be to a live setup.

That's why we designed this gig bag, specifically to protect your Bass Station II from knocks, bumps and scrapes. The main compartment is padded and fits a Bass Station II perfectly. Then there are extra pockets for your laptop, iPad, cables and whatnot.

Depending on your style, you can carry it with the carry handle, like a badass briefcase, or sling it over your shoulder in a showcase of nonchalance.
