APPLICATIONS

The DT 770 PRO X Limited Edition is a closed studio headphone suitable for professional recording and monitoring in the studio as well as on the move. Due to the low-impedance STELLAR.45 driver, the DT 770 PRO X Limited Edition delivers studio reference sound on a wide range of end devices. The detachable, single-sided mini XLR cable makes it easier to handle the DT 770 PRO X Limited Edition when it has to be used frequently. The rugged headband made of spring steel gives the DT 770 PRO X Limited Edition a secure fit and the mechanical reliability needed for daily use. Soft ear and headband pads contribute to a high longterm comfort when wearing. If necessary, headband and ear pads can be replaced. The connection cable is provided with a gold-plated mini stereo jack plug (3.5 mm) with a 1/4" adapter (6.35 mm) and can be connected to all common headphone outputs.
