Looking at the popularity of our cab offering and that of others on the market 12" speakers have made some what of a revival in the bass market over recent years opting for a more vintage feel but delivering a full range of frequencies.

The 12 is a great speaker added to our new compact poplar ply enclosure with high frequency horn unit it is truly a very versatile cab rated at 250watts at 8ohms.

We couldn't launch a range of bass cabs without looking at a 12" speaker so once again looking at everything that makes a great 12 it needs power and a wide range of frequencies.

Our NEW PRO NEO BLUE LINE 12" speaker is efficient in its design to ensure it delivers a full range of frequencies as a stand alone cabinet but yet compliment an additional cabinet to bolster your stage presence. Rated at 250 watts at 8 Ohms the ABM-112H PRO NEO is a fantastic addition to the line up.

We've taken our experience and expertise to the next level with the Blue Line Pro NEO speaker series. After meticulous research and design, we proudly present three exceptional options: 10", 12", and 15".

The 12" NEO speaker, a true standout, resides in a custom poplar ply enclosure. It's not just about power; it's about precision. With 250 watts at 8 ohms, this speaker redefines versatility. Whether you crave a vintage sound or demand a full spectrum of frequencies, the Blue Line Pro NEO 12" has you covered.

With an interchangeable grill in Silver or Red, this cabinet looks as good as it sounds. And for those who appreciate the details, the three-way variable high-frequency horn, accessible via the rear-mounted rocker switch, ensures you get the tone you desire. Sealed for maximum clarity and resonance control, this speaker is built to impress.

Join the revival of 12" speakers in the bass market and elevate your sound with Ashdown's Blue Line Pro NEO 12".
