The Studio 15 features a custom lightweight 15" NEO speaker that effortlessly churns out 300 watts of premium Ashdown sound. Its comprehensive list of features includes foot-switchable valve emulated overdrive, an XLR DI output, FX loop, headphone out, 5-band EQ, and Line In connectivity, offering unparalleled flexibility for your sound.

Designed not only for practice and rehearsals but also for small to medium gigs, this super lightweight combo combines power and portability like never before. Its robust construction, featuring heavy-duty tolex and chrome metal corners, ensures that the Studio 15 remains protected and stylish for years to come.

Straight out of the box, the Studio 15 offers exceptional tonal control, thanks to its 5-band EQ. Constructed using super lightweight poplar ply and a 15" NEO speaker, it cuts down the weight while preserving the signature Ashdown warmth and articulation.

In summary, the Ashdown Studio 15 is the ultimate choice for bassists who demand both performance and convenience. It's time to experience a new era of bass amplification.
