**Cena: 95.880,00 rsd**

height of 386mm (on plinth) x 352mm (with terminals), these stands have been precision-engineered from high carbon stainless steel using laser-cut technology.

Engineered to serve as the ideal foundation for the AURA 1 loudspeaker, these stands offer both stature and stability, effectively minimizing vibrations and resonance from the speaker's cabinet. This isolation from the floor and surroundings significantly enhances the loudspeaker's performance.

AURA 1 Stands are designed to harmonize with the natural, wide bandwidth performance characteristic of AURA 1 speakers. Moreover, it serves as a piece of furniture that the owner can rightfully take pride in.

**Dimensions (H x W x D)** 615mm (on plinth) x 342mm x 300mm (with badge)
