

## BEYERDYNAMIC CUSTOM Headset Gear (2nd Gen)

Šifra: 12770

Kategorija proizvoda: Ostalo

Proizvođač: Beyerdynamic

**Cena: 6.600,00 rsd**

detachable 1,6 m long connection cable is single-sided and equipped with a professional gooseneck microphone. CUSTOM Headset gear has an integrated cable remote control, which allows you to quickly and easily mute the microphone and adjust the volume. No matter if you're using a PC or a console, the 0.8 m Y-extension cable included as standard means you can choose whatever device you want.

For the headphone connector a 1/4" adapter is included. Due to the cardioid polar pattern the gooseneck microphone features a high gain before feedback.

### Headset Extension (2. Generation)

Detachable headset extension with gooseneck microphone for gaming and multimedia use

Professional condenser microphone ensures perfect communication

Additional Y-extension cable for PC use is included as standard

Compatible with CUSTOM headphones via 3,5mm jack

Integrated cable remote control allow to quickly and easily mute the microphone and adjust the volume
