Šifra: 18916
Kategorija proizvoda: Wireless Mikrofoni
Proizvođač: Saramonic

Cena: 22.680,00 rsd

**Incredibly Tiny
Built In**

an Sound

The Blink 100 TX transmitters are ridiculously compact and lightweight, allowing you to easily clip to a shirt, collar, or pocket, and versatile enough to set on a table or podium. They feature a built-in omnidirectional microphone with 12-step mic gain control, one-touch muting, and include a furry windscreen for wind protection outdoors. The TX transmitters also feature an Active Noise-Cancellation function that delivers an ultra-low noise recording, focusing on the subject's voice and eliminating background noise.

USB-C Receiver with Simultaneous Charging and External Device Support

The Blink 100 B6's RXUC dual receiver plugs into your smartphone, tablet, computer, or device's USB-C port. Because it's so lightweight and sleek, it adds no noticeable weight or bulk. Allowing you to film, stream, or record with ease, handheld or in a smartphone gimbal. It also features a USB-C through port, allowing you to charge your device while using the system, or even use external devices simultaneously (app dependent).

An Ideal Ultra-Portable 2-Person Wireless System for Your USB-C Mobile Devices

The Blink 100 B6 system is so ridiculously simple to use, it's just as easy as turning the system on and hitting record on your app. It's so powerful, with up to 10-hours of battery life, 164' (50m) line-of-sight operating range and has a USB-C through port for simultaneous charging. And it's so incredibly compact and lightweight, the system fits in the palm of your hand. Making the Blink 100 B6 the perfect dual wireless system for your USB-C devices, that you can easily bring everywhere, and be sure it will have the power to film for the entire day. All for a remarkable price.

Specifications

Transmission Type: 2.4GHz

Frequency Response: 20Hz to 16kHz

Signal-to-Noise Ratio: 76dB

Microphone Polar Pattern: Omnidirectional

Microphone Sensitivity: -39dB ±2dB

Transmission Range: 164' (50m) Line-of-Sight, Without Obstacles

RF Output Level: 6dBm

RXUC Output: USB-C Male

RXUC Charge Through / Accessory Port: USB-C Female

TX Battery Capacity: 90mAh

TX Charging Port: USB-C Female

TX Battery Life: Approximately 10-hours

TX Dimensions: 1.5 x 1.4 x 0.6" (39 x 35 x 14mm)

TX Weight: 0.58oz (16.5g)
