As a musician, you know how important it is to have a reliable and versatile keyboard stand that can accommodate all of your gear. That's where the Multi Keyboardstand comes in. With four levels for keyboards, synths, workstations, grooveboxes, effects, mixers and so on you'll have plenty of space to store all of your equipment. But what really sets the Multi Keyboardstand apart is its fully adjustable supports. No matter whether it is about the distance between the supports or the tilting angle. Everything is freely adjustable, so you can customize the stand to fit your specific needs.

Not only is the Multi Keyboardstand incredibly convenient, it's also built to last. It features an additional set of higher front stoppers for larger Keyboards to keep them secure and stable, and it's made of lightweight and robust aluminium to ensure durability. Plus, it comes with a cable guide to keep your cords organized and a set of self-adhesive measuring tapes to ensure precise placement of your instruments.

In short, the Multi Keyboardstand is the perfect solution for any musician looking to streamline their setup and keep their gear organized and easily accessible. Whether you're using it in the studio or on stage, it's a must-have addition to your musical setup. Don't miss out on the convenience, versatility, and durability of the Multi Keyboardstand!
