Cena: **83.880,00** rsd

Accurate vinyl playback from a sleek, no-nonsense turntable — in an array of colors

The sleek Debut EVO 2 from Austrian turntable gurus Pro-Ject helps your records sound their best, with design features that are all about spinning and reading vinyl with accuracy and warmth. Its one-piece carbon fiber tonearm rests on a heavy aluminum bearing for smooth movement through the groove. The factory-mounted Pick It MM EVO cartridge uses split-pole pins, which help it pull rich detail from your records' grooves with finesse.

This 'table's heavy aluminum platter spins on a stainless steel axle in a bronze bushing for smooth, quiet rotation. Thermoplastic elastomer (TPE) damping in the platter and adjustable feet keep acoustic vibrations that could color the sound to a minimum. And the Debut EVO 2 comes in a wide range of color and finish choices, one of which will surely look great in your decor. I'd go with Satin Fir Green.

Product highlights:

- one-piece carbon fiber tonearm for superior rigidity and low resonance
- heavy aluminum tonearm bearing block facilitates rigidity and very low friction
- motor suspension with improved damping for silent operation
- pre-mounted Pick It MM EVO moving magnet cartridge
- heavy 12" die-cast aluminum platter with resonance-damping internal TPE (thermoplastic elastomer) ring
- platter bearing uses a stainless steel axle in bronze bushing for smooth, quiet rotation
- 8-coat, hand-painted medium density fiberboard (MDF) base
- three height adjustable aluminum feet with TPE damping
- 33-1/3 and 45 rpm speeds (electronic speed change)
- speed variation: 0.4% (33-1/3 rpm); 0.5% (45 rpm)
- wow and flutter: 0.16% (33-1/3 rpm); 0.14% (45 rpm)
- signal-to-noise ratio: 68 dB
- gold-plated RCA output jacks
- Pro-Ject Connect it Phono E RCA cable with ground wire included
- 15V DC power adapter included
- compatible with XLR-compatible Pro-Ject preamps for "true balanced" output (requires RCA to mini XLR cable, sold separately)

Dimensions and weight

16-3/8"W x 4-1/2"H x 12-5/8"D

weight: 13.23 lbs.
