"The
MXL

2003a is an excellent instrument and vocal mic if you are unable to drop thousands of dollars on a vintage or boutique mic. It is one of the best LDC's in its price range (around \$170 street) and performs as well as mics that cost 2 or 3 times as much. Kudos to MXL for bringing to the market a great sounding mic for very small change."

- Aaron Rutten ("The Modern Vocalist Journal")
