That's why Pro-Ject's Brush IT record brush needs a place in any vinyl junkie's accessory box. A quick dance around the surface with the Pro-ject Brush IT before each listen is all it takes to remove dust particles and debris which, when built up, can sully the sound and in some case degrade your stylus. The Brush IT features two sets of carbon fibre brushes on each side in differing thickness's for the effective removal of dust and static.
