The Power Commander LED-PC100 is the control centre for Visio products which have a 24v input.

This easy to use controller can be controlled by DMX, LED-CC and LED-RC as well as having a user friendly control panel which allows easy management of RGB colour mixing, dimmer and strobe features. Pre-programs are also included which can be activated by the music.

Features:

- DMX controllable
- Manual hold of colours
- Fade in/fade out programs
- Pre-programmed chases
- Sound activation
