The 2000ST speaker stand is designed specifically for the 2010i and 2020i loudspeakers. Precision laser-cut steel construction and acoustic damping foam inserts ensure quality and performance to complement the loudspeakers. Q Acoustics' unique spike adjustment means spikes can be adjusted from the top, making speaker levelling simple without the need for visible fixings or obtrusive lock-nuts. Integral cable management within the rear column keeps your installation clean and tidy from the speaker to the floor.
