

QED Performance USB A-B 1.5

QED Performance USB A-B 1.5

Šifra: 10847
Kategorija proizvoda: Hi-Fi Digitalni Kablovi
Proizvođač: QED

Cena: **3.240,00** rsd

Performance USB cable is designed to transmit high definition digital audio between USB audio components (such as a computer or storage device and a high performance DAC) with very low jitter. At QED we have identified that reducing jitter or timing errors within the digital signal makes for cleaner audio transmission, and with USB this is no different. Triple magnetic screening ensures enhanced signal protection and 24k gold plated connectors for enhanced signal transfer.

AWARDS AND REVIEWS

FEATURES AND BENEFITS

24k Gold plated shielded connectors

Triple electromagnetic screen

Strict adherence to USB 2.0 specification

Ideal for HD Audio DAC applications up to 24 bit 192kHz

This QED cable comes with a two year warranty

Very Low Jitter

Jitter is the undesired deviation from true periodicity of an assumed periodic signal in electronics and telecommunications, often in relation to a reference clock source. A USB cable displaying very low jitter has been measured at typically 21 ps rms.
